## PERSONAL PROFILE

---

A thoughtful, creative student with design and programming skills. Seeking an internship opportunity within full stack development to cultivate experience and create innovative technological solutions.

## EDUCATION

---

### Inholland University of Applied Sciences | Haarlem, Netherlands

#### *B.S. in Information Technology*

**Courses:** Application Management, Web Design, Systems Engineering, Databases, Code Generation

### East Airport International School | Accra, Ghana

#### *AS & A Level Information Technology, Physics and Chemistry*

## PROJECTS

---

### Chapeau | Restaurant Application Development

- Partnered with a team of 4 to design a restaurant app in Figma and develop it using C# and .NET Technologies.
- Received formal commendations from two project professors for technical excellence in code readability and modular software design.
- Solo-designed and implemented a normalized database inside Microsoft SQL Server.

### The Festival | Design & Development Project

- Designed and developed part of a website that was dedicated to promoting a jazz event, keeping in mind user experience and visual design. 2/3 testers reported having a smooth and intriguing experience browsing the Figma prototype of the website.
- Created a custom logo and color scheme based on wireframes and user stories.
- Provided advice regarding the design and implementation of the database schema and website features.
- Designed a shared database schema for a three-person team, reducing duplicate implementation effort by approximately 30%.

## TECHNICAL SKILLS

---

**Languages (ordered by proficiency):** SQL and NoSQL, C#, .NET Technology, HTML & CSS, PHP, Java

**Tools and Frameworks:** Docker, Git / GitHub

**Design:** Figma, Photoshop, Illustrator, Davinci Resolve, & Canva

## EXPERIENCE

---

### InHolland University of Applied Sciences | Haarlem, Netherlands

Nov 2025 - Present

#### *Promo student*

- Worked with the Information Technology department to promote the course to interested ones by carefully preparing and delivering presentations about the course and its projects.
- Set up decorations and seats for opening days, then welcomed and ushered guests to the exhibitions they were interested in.

### Jumbo Supermarkten, B.V. | Ede

Jan 2024 - Sept 2025

#### *Customer Store Assistant*

- Carefully stocked and attended to customers in the store while also keeping the store clean.

### East Airport International School | Accra

Sept 2020 - Mar 2021

#### *President of the Photography Club*

- Organized workshops to teach students how to use Photoshop on their PCs.
- Collaborated with the school to take and publish photos during school events.
